

VINCENT I. AKINBODE
VINCENT.AKINBODE@GMAIL.COM

Vincent L. Akinbode
art direction

I am a multidisciplinary creative with a focus in **art direction** and **design**.

Informed by an early background of graphic and product design, meticulously paired with a deeper curiosity of consumer culture, advertising, and entertainment. I found my purpose in branding.

Solid foundational branding requires a pairing of strategy and creativity. Consistently harnessing both in the branding message establishes a structure of familiarity that cuts through current market static. This undertone brand humming, with persistence, can then go on to **create a noise of its own**.

Experience with projects spanning; product development, music distribution, fashion campaigns, visual publication and branding solutions have all helped sharpen my creative lens and information processing. Using collaborative expertise and studio efforts, I have been blessed to provide necessary tools needed to create unique visual identities and develop successful, cohesive brands from the ground up through clientele research, consultation, and artistic appreciation.

DAVE EAST KARMA 3

New York Rapper, Dave East completes his trilogy with the release of 'Karma 3' the recent mixtape of the Karma Series..

(Creative Direction, Album Artwork
Graphic Design, Conceptual rollout & strategy)

In this project, East expresses his firm beliefs in the concept of karma. Coming from the projects of Harlem, he remained determined to put in the work and hustle, year after year. and the karma of that was being able to provide for his family and move out of those very same projects, "taking his talent with him all over the world."

Karma

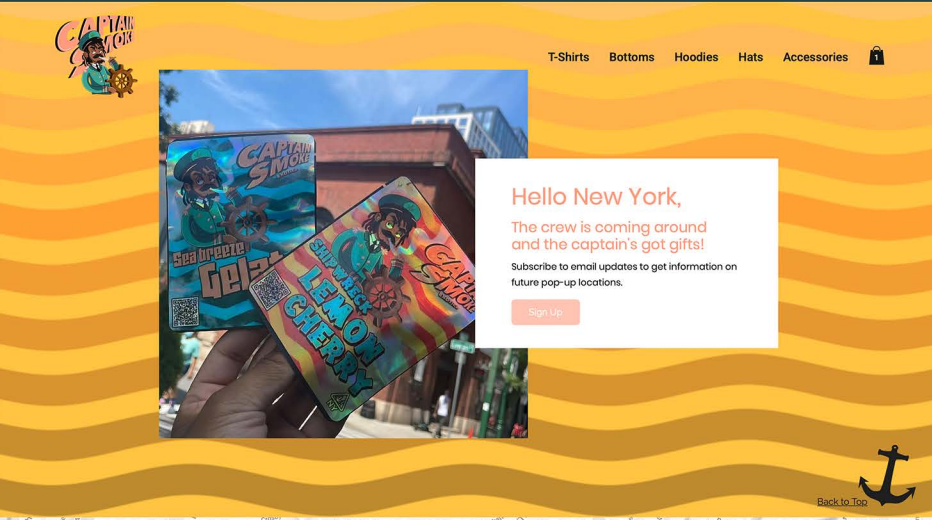

Branding, Website & Merchandise

Captain Smoke originated as a cannabis brand founded by East Harlem, rapper Neek Bucks.

However, to keep up with the growing cannabis culture, the brand needed to expand to build community and social presence.

KAJE

PLANET KAJE

Kaje is a local artist from Ontario, Canada with a unique sound and story to tell. His 2020 debut project "Planet Kaje" embodies all the qualities of a resilient underdog, with his musical potential barely scratching the surface. Combining sharp rhythms with Lo-Fi vocals, his wolf alter-ego begins his journey to conquer the industry and finally the world.

Awarded the **BMM Hip-Hop Artist of The Year 2020**.

(Design, Art Direction)

TOP MALI FLOWWRISH

Somalian - Canadian artist Top Mali, opens up with a range of heavy emotions and reflection on his album 'Flowwrish' which released in 2019.

Trying to navigate through the reckless city of Toronto, he encounters both internal and external challenges and is unsure of the certainty of becoming a star, however he is clearly not settling for anything less. Songs like 'Blossom' & 'On A Mission' show the level of grind and confidence that goes into his work, since coming from humble beginnings. While songs like 'Pride N Ego' featuring Prenze & Proffit are more self-reflecting on personal flaws that could be self-sabotaging to his own destiny.

Trauma Child

DOA BEEZY TRAUMA CHILD 2

Growing up in the southside of Chicago, Illinois might have been traumatizing to any child, particularly if at an early age, they've been exposed to gruesome tragedy. Death, Violence and Loss. However Doa Beezy proudly embraces where he comes from, and the hardships and trials that made him who he is today. Not all of his examples may be prosocial or "right" but it's his truth. Many young adults are unable to make something of themselves before being involved in a tragedy. Fortunately Beezy is not of them. He aims to continue using platform to motivate the youth.
